

## Timeline for Math 6Plus Online Class 2017-18

It is important for you to stay on pace with the due dates listed below. If you get behind, make sure you do extra lessons in the evenings and/or over the weekend to get caught up. Remember, whatever you do not finish in class is to be completed for homework.

Unit #	Unit Sequence	Calendar
1	Exponents and Order of Operations	1-10 Days <b>Due: Sept. 11th</b>
2	LCM/GCF and Prime Factorization	Days 11-17 <b>Due: Sept. 20th</b>
3	Operations with Fractions (Multiplying & Dividing)	Days 18-27 <b>Due: Oct. 5th</b>
4	Operations with Multi-Digit Whole Numbers and Decimals	Days 28-38 <b>Due: Oct. 20th</b>
Quarter 1 Review Activity 39-41		
5	Integers and Rational Numbers on the Number Line (Review F/D conversions at start of the unit)	Days 42-52 <b>Due: Nov. 13th</b>
6	Coordinate Plane	Days 53-58 <b>Due: Nov. 21st</b>
7	Properties and Algebraic Expressions (including x/y tables)	Days 59-71 <b>Due: Dec. 13th</b>
8	Equations and Inequalities (including x/y tables)	Days 72-87 <b>Due: Jan 16th</b>
Quarter 2 Review Activity Days 88-90		
9	Ratios and Rates	Days 91-105 <b>Due: Feb 12th</b>
10	Percent, Percent Applications and Measurement Conversion	Days 106-116 <b>Due: Feb 28<sup>th</sup></b>
11	Angle Relationships, Perimeter, Area, Circles, and Circumference (including problems on coordinate plane)	Days 117-129 <b>Due: March 19th</b>
Quarter 3 Review Activity 130-132		
12	Surface Area and Volume	Days 133-141 <b>Due: April 13th</b>
13A	Collect, Analyze, and Display Data	Days 142-149 <b>Due: April 25th</b>
13B	Collect, Analyze, and Display Data	Days 150-158 <b>Due: May 8th</b>
